COMMISSION..... 1<sup>ST</sup> RESPONDENT

THE CHAIRPERSON OF THE INDEPENDENT ELECTORAL AND  
BOUNDARIES COMMISSION..... 2<sup>ND</sup> RESPONDENT

H.E. UHURU MUIGAI KENYATTA.....3<sup>RD</sup> RESPONDENT

**AFFIDAVIT IN SUPPORT OF PETITION DATED 18<sup>TH</sup> AUGUST, 2017**

I, **DR. NYANGASI ODUWO** of Post Office Box Number 7411-00100 Nairobi and resident of the Nairobi County within the Republic of Kenya do make oath and state as follows:

1. **THAT** I am a Kenyan Citizen and a medical doctor by Profession. I have a Post-Graduate Diploma in Research Methods, a Masters in Project Management and Planning and a Second Masters in Economic Policy and Analysis.
2. **THAT** I am currently the economic advisor to the current Governor of Mombasa County Government.
3. **THAT** I am duly conversant with the subject matter of this Petition and therefore competent to swear this Affidavit in support of the Petition herein and I hereby wish to state as follows;

4. **THAT** on the 8<sup>th</sup> of August 2017, the 1<sup>st</sup> Respondent presided over the General Elections in Kenya.
5. **THAT** I am aware that according to the law and the guidelines issued by the Respondent Commission, voting was to end at 5.00 pm upon which the polling stations were to be prepared for counting and tallying of votes.
6. **THAT** I am aware that the law required the results of the polling stations to be tallied in respect of each candidate; to be recorded on Form 34A, which was to be scanned and together the record of results transmitted electronically to the Constituency Returning Officer and the National Tallying Centre, in order to secure that the results declared at every level are accountable, verifiable and credible.
7. **THAT** I am aware that on the said 8<sup>th</sup> August, 2017 at around 5.07 pm, barely 10 minutes after the closure of the polling stations, the Commission started streaming in results of the presidential vote in the media! This was done without any indication being made on whether the results were provisional or still subject to verification as required by law.
8. **THAT** I also remember that from the very start of the results broadcast to the end, a constant percentage difference of about 11% was maintained between the Petitioner and the 3<sup>rd</sup> Respondent herein. This is despite the fact that the results were coming in a random manner.
9. **THAT** in the middle of the results broadcast, the Petitioner addressed the media and raised concerns with the 1<sup>st</sup> Respondent challenging the decision by the 1<sup>st</sup> Respondent to publish results and have them broadcast as results of the Presidential vote in the absence of prior verification at the Constituency level and by the 1<sup>st</sup> Respondent through the prescribed Form 34As.
10. **THAT** I recall the 2<sup>nd</sup> Respondent addressed the media and indicated that the 1<sup>st</sup> Respondent was yet to receive all the statutory Forms 34As in respect of the

Presidential results it was streaming through the 1<sup>st</sup> Respondent's online web Portal. In his address, the Chairperson said the results which were being broadcast were provisional and that their broadcast would be stopped awaiting their verification with the relevant statutory forms as required by law. That despite this public statement, the results continued to be streamed with no indication that they were provisional or subject to verification.

11. **THAT** I am aware that in many polling stations within the Central Kenya region and the Rift Valley region, legitimate agents of the Petitioner were chased away from the stations and replaced by imposters who were caused to create fictitious names and sign blank Form 34As. Thereafter, the Presiding Officers were caused to fill in such fictitious results as they desired in favour of the 3<sup>rd</sup> Respondent, and clearly filled by one person on the particulars of all 7 agents!

**NOW ATTACHED AND MARKED "DNO – 1" IS A COPY OF A BLANK FORM 34A FOR RUAI GIRLS SECONDARY SCHOOL POLLING IN KASARANI CONSTITUENCY**

12. **THAT** I was tasked by the Petitioner herein to examine 5,000 Form 34As supplied by Presiding Officers to his various agents across the country, and to compare the same with the Form 34Bs supplied by the 1<sup>st</sup> Respondent and the Form's 34As posted on the 1<sup>st</sup> Respondent's website. I embarked on this task and made startling and grave findings as captured in the succeeding paragraphs.
13. **THAT** Form 34A submitted by the Petitioner's agent in respect of Igembe South, URA Tea Buying Centre Polling Station number 2 of 2, it is indicated the Petitioner had 66 votes, yet in Form 34B in respect of the same polling station it is indicated he has 56 votes! Furthermore the total tally recorded in Form 34A is 399 votes and in Form 34B is 389 votes.

14. **THAT** in Form 34A submitted by the Petitioner's agent in respect of Amwamba Primary School Polling Station in Igembe South, Meru County, the total tally for Odinga Raila was 323, while in Form 34B in respect of the same polling station indicated 325 votes.

17. **THAT** a scrutiny of Form 34B on the Commission's portal in respect of Karachuonyo Constituency confirms that not the whole Form 34B was uploaded as only 2 pages of the instrument was uploaded; leaving out a page covering specific results in respect of 70 Polling Stations covering a whole 2 wards.
18. **THAT** in Kilome Constituency, Makueni County, the original IEBC Form 34B does not match Form 34B uploaded in the Commission's portal. **The total valid votes in the original Form 34B is 38,269 while the downloaded Form 34B has 33,757 and therefore creating a variance of 4,512 votes!**
19. **THAT** in Igembe South, Meru County, the summation of total votes in Forms 34As comes to 41,834; and yet according to Form 34B in the Commission's portal, the total votes for Kenyatta Uhuru is 43, 209 against (-1,375).

221. **THAT** I am advised by the Advocates for the Petitioner herein and I verily believe the same to be true that the defects and irregularities outlined hereinabove render the purported statutory forms invalid, null and void; and, entirely incapable of being relied upon to verify the results the basis upon which the Commission declared the 3<sup>rd</sup> Respondent as having been elected the President of Kenya.
222. **THAT** I am advised by the Advocates for the Petitioner herein and I verily believe the same to be true that the defects and irregularities outlined hereinabove render the purported statutory forms invalid, null and void; and, entirely incapable of being relied upon to verify the results the basis upon which the Commission declared the 3<sup>rd</sup> Respondent as having been elected the President of Kenya.
223. **THAT** I am advised by the Advocates for the Petitioner herein and I verily believe the same to be true that the defects and irregularities outlined hereinabove render the purported statutory forms invalid, null and void; and, entirely incapable of being relied upon to verify the results the basis upon which the Commission declared the 3<sup>rd</sup> Respondent as having been elected the President of Kenya.
224. **THAT** I am advised by the Advocates for the Petitioner herein and I verily believe the same to be true that the purported declaration by the 2<sup>nd</sup> Respondent of the 3<sup>rd</sup> Respondent as the winner of the Presidential vote, without any or any due verification, and/or on the basis of the invalid documents hereinabove is irregular, unprocedural, unlawful, unconstitutional, null and void; and invalidates the purported results.

**ANNEXED HERETO AND MARKED “DNO - 4” IS A BUNDLE OF ANNEXTURES CONFIRMING THE FOREGOING.**

225. **THAT** in respect of statutory forms signed by persons other than gazetted County Returning Officers, Constituency Returning Officers and Returning Officer for citizens residing outside the country, I now annex hereto and mark “**DNO - 4 GAZETTE NOTICE NO. 4410 DATED 5<sup>TH</sup> MAY 2017** confirming the returning officers in respect of the subject electoral units.

226. **THAT** I also came across Forms 34As which I could not relate to any of the existing gazetted polling stations/Tallying Centres.

**ANNEXED HERETO AND MARKED “DNO - 5” IS A TRUE COPY OF GAZETTE NOTICE NO. 6393 OF 30<sup>TH</sup> JUNE 2017 IN RESPECT OF GAZZETTED TALLYING CENTRES.**

227. **THAT** I have analysed the turn out in the presidential results *vis a vis* the gubernatorial results and the Parliamentary results *vis a vis* the registered voters and the votes cast. My analysis discloses that the total votes cast for the President is 15,588,038 while for the Governors is 15,098,646 demonstrating that of 482,202 voted for the President and not for the Governor. Further, the same examination discloses that 15,008,818 people voted for MPs only demonstrating that 567,517 voted only for the President and not MPs. The foregoing disclosure is a factual and legal impossibility and shows that the presidential votes were inflated by these number of votes.

**ANNEXED AND MARKED “DNO – 6” IS A COPY OF THE ANALYSIS.**

228. **THAT** I have further noticed that while the final presidential results were announced on 11<sup>th</sup> August 2017 with the 2<sup>nd</sup> Respondent declaring the 3<sup>rd</sup> Respondent winner by a final tally of 8,203,290 votes. I have examined the 1<sup>st</sup> Respondent's portal as at the date of swearing this affidavit and I have noted with great concern that the portal continues to reflect additional votes which now stand at 8,222,967 votes.
229. **THAT** I am aware that the 1<sup>st</sup> Respondent has, several days after announcing the final results, recalled all its Returning and Presiding Officers to fill and adjust the relevant accountable forms so as to ensure the documentation tallies with the final results declared on the 11<sup>th</sup> August 2017. This is a clear demonstration that the results as declared were neither verified nor supported by relevant documents and are therefore a nullity.
230. **THAT** further, a fundamental hallmark of free and fair elections is the right of a potential voter to make an independent and objective choice of leaders without undue influence, bribery, inducement or manipulative interference of any kind.
231. **THAT** the 3<sup>rd</sup> Respondents and the Deputy President being contestants in the presidential elections are guilty of corruptly influencing voters in the lead up to the 8<sup>th</sup> August 2017 general elections without punishment and/or as much as a warning from the 1<sup>st</sup> Respondent. Particulars of instances of undue influence, inducement, bribery and intimidation are as follows:
232. **THAT** on 2<sup>nd</sup> August 2017 while campaigning in the County of Makueni, the 2<sup>nd</sup> Respondent while addressing residents of Makueni during campaign rallies openly threatened chiefs he complained were not actively campaigning for him with sacking upon his re-election!

233. **THAT** despite clear and express provisions of section 16 of the Public Officer Ethics Act that require them to be apolitical, the cabinet secretaries actively and openly abused their offices and state resources to actively solicit for votes and or further the political interests of the 3<sup>rd</sup> Respondent with his open complicity and connivance. In some cases, the said cabinet secretaries openly declared and sought support for the 3<sup>rd</sup> Respondent, sometimes accompanied by threats and intimidation.
234. **THAT** under the guise of launching official state projects and paying reparations to victims of the 2007 post-election violence in various parts of the country the 3<sup>rd</sup> Respondents used the same platforms to canvass for votes for personal political gain in the said electoral areas contrary to the Election offences Act.
235. **THAT** the 3<sup>rd</sup> Respondent brazenly violated section 14 of the Elections Act by actively causing to be published and advertised in the print and electronic media and in banners and billboards articles disguised as the government's achievements for his campaigns.
236. **THAT** in a country like Kenya 44% of the population lives below poverty lines and 38.5 per cent of the adult population is illiterate, it is certain a substantial number of voters were influenced by improper considerations and/or representations by the 3<sup>rd</sup> Respondent through use of public resources.
237. **THAT** I am advised by the Advocates for the Petitioners on record, which advise we believe is true that the aforesaid were blatant violations of clear provisions of electoral laws to the disadvantage of the other presidential candidates. Furthermore, to the extent that the 1<sup>st</sup> Respondent turned a blind eye to the said violations while punishing other candidates for violation of the same laws, the 1<sup>st</sup> Respondent acted discriminatorily, partially, unlawfully and/or unfairly to the advantage of the 3<sup>rd</sup> Respondent.

238. **THAT** I swear this Affidavit in support of the Petition and humbly seek this Honourable Court's intervention allow this Petition and secure our democracy.

239. **THAT** what is deponed to herein is true to the best of my knowledge save for facts and deposition to which sources I have disclosed.
